Low 500's

You have found it! The perfect light and drenched in sunshine, attached home in central Thornton.

Enjoy contemporary zero-maintenance living in Eastlake Lifestyle Community.

There is expansive open space in the main living area, soaring ceilings, hardwood floors, two bedrooms, and a custom art or office room. There are absolutely no steps coming in from the garage so perfect to roll in with ease and wheelchair-accessible doorways

The neutral palette ties together the main floor living and dining spaces, along with the inviting kitchen features granite counters, a stainless steel appliance package with refrigerator included. All the builder options set this home apart from the competition. Come see for yourself.

Retreat to the primary suite, a huge space to enjoy with a 5-piece bath, and a large walk-in closet.

Additional features of this home include wide laundry space with the washer and dryer included for the homeowner's connivence and ample storage. New roof installed May 2025
